INVITED SESSION SUMMARY

Title of Session:

Digital Humanities and Social Sciences for Smart University Development: The Innovative Methods, Models and Technologies

Name of Chair:

Prof. Svetlana A. Gudkova - Togliatti State University Togliatti, Russia

Prof. Lyudmila V. Glukhova - Volzhsky University named after V.N.Tatischev Togliatti, Russia (co-Chair)

Details of Session:

Digital Humanities is a modern field of research, learning, and creation at the intergration of computer science with humanitarian and social sciences. This trend involves the use of digitalisation for traditional humanitaran and social sciences including history, philosophy, linguistics, literature, art, law, economics, regional economics, sociology, teaching methodology etc. This trend provides and ensures the preservation of cultural and social science heritage through digital technologies.

We invite research papers in our session in the following research areas:

- Innovative mechanisms of effective management for the smart university development
- Smart University as a complex integrated structure with its internal multi-level links to ensure sustainable development (including ESG ranking)
- Social issues of motivation for learning in Digital Age
- Social Science Innovations and Teaching methodology for Smart University Development
- Social and Law Issues of international collaboration and development : going from smart pedagogy to smart environment and etc. Please note that papers not directly related to the above areas will also be considered.
